Our company has been dealing with Kevin and his fantastic Team at Australian Insurance Services for well over 10 years now.

Over the years we have developed a very close working relationship with Kevin and AIS and as a result of this have always receive excellent service and advice.

The difference we have found using AIS is that they offer good old fashioned service and we have found that it is the small things AIS do that is the difference between AIS and other insurance Companies who we have dealt with in the past.

AIS take a very personal approach to our business and the services that they provide us. Little things such as returning phone calls promptly, timely notification of policies renewals and putting the effort in to insure our premiums are very competitive are all factors why we choose to use AIS.

In the past our Company has always been skeptical about doing testimonials but in this case we have no hesitation, whatsoever in recommending Kevin and AIS to other businesses looking for help with any of their insurance needs.

Testimonial for Australian Insurance Services Pty Ltd

Mainswest HV-LV Pty Ltd has been associated with Australian Insurance Services Pty Ltd for the past 14 years. In this time we have always found them to be not only very competitive but more importantly very open, honest and approachable.

The service we receive from them is second to none and even though we have been approached by many brokers for our business we have declined their advances as we are very secure in the knowledge that Australian Insurance Services Pty Ltd works not only for us but very much with us.

We have, on numerous occasions, had the need to request advise and/or get quotes for tendering purposes and Australian Insurance Services Pty Ltd has never refused or let it be known that anything was to much trouble.

The team at Australian Insurance Services is very professional with a wealth of knowledge, and will never "sell" you a policy that you don't need.

Over the years we have built up a relationship with this company, we have watched them grow and they have watched us grow. We have mutual respect for each other and feel that they are a part of the Mainswest extended team.

We hold them in high esteem.
